

Imprivata learning center

Providing continuous learning resources to enable customers to speed their deployment, stay current on releases, and optimize the day-to-day administration of their Imprivata solutions

Benefits

- Dynamic 24X7 access to resources
- Blended, continuous learning
- Scenario-based learning paths
- Professional Development Trainings

The Imprivata Learning Center provides convenient continuing education to ensure you have everything you need to get the most out of your Imprivata investment. Instruction is offered through a holistic, blended learning approach that includes traditional face-to-face instructor-led classes that can be complemented by online, self-paced content. This blended approach provides you with the flexibility and knowledge you need to keep your Imprivata strategies optimized and current.

Content is offered for each Imprivata solution, empowering you to understand and optimize every stage of your product journey: planning, implementation, roll-out, and continued support through your product life-cycle. The content is broken out by role and scenario, allowing you to select the right topic for your needs. With the continuous, blended Imprivata learning approach, you can simplify your day-to-day administration, stay current on new product releases, and streamline your deployment.

Stay current

Continuous education drives success: access to the right education at the right time increases your skills, empowers your administrators, and ensures greater workflow efficiency within your organization. The Imprivata Learning Center is your 24x7 source for knowledge about successful employee training, implementation, maintenance, and upgrades for your Imprivata solutions.

Review and refresh

Review videos on the latest releases and quickly refresh important topics such as maintaining users and accounts, implementing successful application profiling, and managing your user and computer policies. Gain access to professional development curriculum that include project management and change management strategies and best practice advice. Please note: some instructor-led classes have online 'prerequisite' sessions to refresh students, available via The Learning Center website.

About Imprivata

Imprivata, the healthcare IT security company, enables healthcare securely by establishing trust between people, technology, and information to address critical compliance and security challenges while improving productivity and the patient experience.
