Imprivata continuing education program

Maximum participants: Up to two participants.

Audience: IT Project Owner, Imprivata Administrator, Application Administrator, Appliance Administrator, Network Administrator

Required pre-work: Completion of approximately one hour of self-paced training.

Format: Virtual delivery of instructor-led training blended with eLearning content in the Imprivata Learning Center.

Length: 12 month subscription

Overview

The Imprivata Continuing Education Program provides sustained knowledge over the course of the subscription. Moving beyond the classroom experience, administrators can now participate in monthly deep-dive sessions with our certified Imprivata trainers. Along with the traditional instructor-led experience and online components, participants will acquire the knowledge they need to make educated choices to configure and maintain OneSign and Confirm ID for their organizations needs and planning for the future.

Attendees are offered the recertification exam and/or individual certification that will earn them Imprivata OneSign and Confirm ID Certified Administrator status, valid for one year. In addition, they will have the opportunity to become an Imprivata Advanced Administrator as they complete deep dive exams.

Program

Imprivata Monthly Deep Dive Sessions: Access to join the monthly online two-hour deep-dive sessions that offer an in-depth look at best practices for a particular feature, methodology, or an emerging technology of the Imprivata OneSign and Confirm ID platform. Certified participants only.

Imprivata OneSign and Confirm ID Individual Certification: Two seats in the five-day certification class, providing administrators with the knowledge they need to make educated choices to configure and maintain the Imprivata solution for their organization's needs.

Imprivata Learning Center: As part of the Imprivata blended learning approach, two seats are available for access to the Imprivata Learning Center consisting of self-paced eLearning courses for the subscription.

Imprivata Online Recertification: Two participants are provided access to the online recertification program. It is created to educate you on new features and keep your skills up to date with the Imprivata platform.
