

Imprivata Privileged Access Management certification program

Maximum participants: Up to five participants.

Audience: Privacy Analyst; Privileged Access Management Administrator, Security/HR Analyst, Compliance Team members.

Required pre-work: Completion of online self-paced training.

Format: Online instructor-led training.

Length: Two, three-hour sessions (Six hours total).

Overview

This remote, instructor-led Imprivata Privileged Access Management Certification Program provides administrators with the knowledge they need to make educated choices to configure and maintain crucial controls across multiple compliance regulations and security audits. Learn how the solution isolates, monitors, records, and audits privileged access sessions, commands, and actions; helping you meet various compliance requirements.

Attendees who successfully complete all course requirements including passing the certification exam will earn Imprivata Privileged Access Management Certified Administrator status, valid for one year.

Agenda
