imprivata®

Imprivata proximity card readers

Imprivata 80 Reader (HDW-IMP-80-MINI)

The complete authentication solution

Imprivata proximity card readers are core components of Imprivata OneSign and Imprivata Confirm ID™ solutions.

For hospital IT teams, Imprivata readers reduce complexity and simplify management by creating a single source for purchase, support, and maintenance.

Convenience, performance, and flexibility

The HDW-IMP-80-MINI is a dual-frequency proximity card reader that is capable of working with Mifare card types. This is a 13.56 MHz contactless, or 125 kHz proximity, proximity card reader.

- The HDW-IMP-80-MINI will read Mifare, HID iClass, and AWID and many other card types

- The device can support up to four card configurations, adding a level of convenience to accommodate multiple card technologies

- Dimensions:

    - 35% Smaller than previous reader version (HDW-IMP-80)

    - Length 2.9" (74mm); Width 1.7" (42mm); Height 0.5" (13mm)

- Power Consumption: 65 mA typical, 185 mA maximum

Benefits

- Fully tested and certified for Imprivata OneSign® compatibility

- Delivered by the same expert team that supports all Imprivata OneSign solutions

- Two-year warranty in the event of hardware issues

Availability

The HDW-IMP-80-MINI is available for sale in several countries including the United States, Canada, the United Kingdom, European Union, Australia, New Zealand, Singapore, Malaysia, Saudi Arabia, Qatar, UAE. Please contact your Imprivata Sales Representative for verification of country specific availability.

Consolidated support

Consolidated support gives customers a single point of contact, accountability, and resolution for any technical issue, including a two-year warranty, and expedited return for repair or replacement.

Endpoint device support

Imprivata proximity card readers are supported on all Windows devices and many thin/zero clients.

Imprivata OneSign

Imprivata OneSign® is the leading healthcare enterprise single sign-on and virtual desktop access platform that secures PHI, allows clinicians to focus more on patient care with fast, secure No Click Access® to patient data, and enables healthcare organizations to leverage the full benefits of their EHR and virtualization technology investments.

Cleaning Instructions

The recommended cleaning process for the Imprivata MINI reader is using a clean, soft cloth dampened with mild soap and water, gently wiping away any dust or dirt. You may also use Clorox disinfecting wipes, Sani-Cloth, Cavi Wipes, or SONO Ultrasound Wipes.

imprivata®

Imprivata, the digital identity company for healthcare, provides identity, authentication, and access management solutions that are purpose-built to solve healthcare's unique workflow, security, and compliance challenges.
