

Unlock cost savings and ROI with Imprivata Analytics

Actionable intelligence to reduce spend and improve efficiency

Imprivata Analytics helps healthcare organizations make smarter, faster, cost-saving decisions by revealing how their Imprivata access management solutions are actually being used, across both workstations and mobile devices. IT teams can right-size deployments, identify failing or idle assets, and reduce spend on unnecessary hardware or support.

Whether you're planning a Windows upgrade, managing mobile fleets, or simply trying to maximize IT budgets, Imprivata Analytics empowers you to take action with confidence — and maximize your return on every access investment.

ROI HIGHLIGHTS FROM IMPRIVATA ANALYTICS CUSTOMERS

Among early Imprivata Analytics adopters, on average...

\$1M+

in avoided workstation costs¹ by identifying that 8% of workstations were unused in the past 90 days²

\$75k

in avoided future device spend³ by revealing mobile fleets had been overpurchased by 3%

\$10k

in potential help desk savings by proactively alerting IT to 0.5% of active workstations with recurring failures

30%

device deficiency identified during peak hours in one department, leading to better resource allocation

Imprivata delivers simple and secure access management solutions for healthcare and other mission-critical industries to ensure every second of crucial work is both frictionless and secure. Imprivata's platform of innovative, interoperable access management and privileged access security solutions enable organizations to fully manage and secure all enterprise and third-party identities to facilitate seamless user access, protect against internal and external security threats, and reduce total cost of ownership.
