Imprivata Mobile Device Access with Zebra Technologies

Simple, secure access to shared mobile devices

Strengthening enterprise security requires protecting data from unauthorized access while ensuring clear visibility into who accessed what, and when.

Imprivata and Zebra Technologies have partnered to simplify mobile login security with an affordable, easy-to-manage single sign-on and access management solution that delivers strong security with seamless user workflows.

Make your enterprise mobility secure with Imprivata Mobile Device Access

Imprivata Mobile Device Access offers fast, secure access to shared mobile devices and applications. The comprehensive solution enables organizations to implement critical security controls without impacting workflows, unlocking the full potential of shared mobile devices.

Improve security for enterprise-owned mobile devices

Enable simplified resource exchange between users

Eliminate technology adoption barriers

Increase employee productivity and satisfaction

Create simple role-based access management

Introduce visibility into user interactions with devices and applications

Stronger security and better efficiency

Imprivata Mobile Device Access, partnered with Zebra mobile devices easily helps prevent unauthorized access, manage users, and monitor device and app access.

- Simple, customizable access management within one easy-to-use console for secure access to devices
- Easy device hand-off between users to reduce risk of unauthorized or incorrect access
- Full visibility into all user access and device interactions for comprehensive monitoring and reporting

Add functionality with Workstation Connect

Turn your Zebra mobile devices into workstations and Point-of-sale (POS) stations with Zebra Workstation Connect. Combined with Imprivata Mobile Device Access, users have more functionality to execute more workflows improving productivity, while still ensuring secure device access and visibility into access and usage.

Take the first step toward secure mobile access without barriers

Imprivata Mobile Device Access is validated for use on many Zebra mobile phones and tablets, including Zebra HC20 and Zebra TC52 HC devices. For a complete list of eligible devices, [contact Imprivata to learn more.](#)
